The Christian Endeavor society held at the chapel Friday evening a social attended by 27 young people. The entertainment was under the direction of Ruth Jacobs and Evelyn Lyman and was thoroughly enjoyed. It is the intention of the society to hold a series of these social meetings about once a month, on pleasant evenings, and when the moon is full, hoping to increase the interest in the Endeavor society.

Miss Grace Sawyer, who has been at the home of Mr. and Mrs. Fred A. Hunt since the Sawyer outages at the lake were closed for the season, left Wednesday for Bridgeport for a visit, eventually expecting to go to Brooklyn, N. Y., for the balance of the winter.

The beautiful moonlight nights recently and the fine sledding have brought out several coasting parties. The hill from the Green to T. G. Tucker's place has been in fine condition for coasting and

has been much enjoyed by young and old in the evenings during the latter part of the past week.

Miss Myrtle Collins has been staying with her sister, Mrs. Raymond Lyman, at her home on Woodward Hill, during the past week.

About ten days ago T. G. Tucker scratched the back of his right hand with a wrench while working on a car. He thought nothing of it, but it began to swell and blood poisoning set in. The swelling extended up the arm to the elbow and was very painful, preventing the use of the hand and arm. Under prompt and efficient treatment, however, he is rapidly recovering, his fingers now having nearly regained their flexibility and normal condition.

Persons living on or near the Green, who have for many years been filling their icehouses from a pond near by, have been obliged to go to the lake this year for their supply. This is at least two miles away and increases the cost considerably. For some unknown reason the water which flows into the pond has a very bad odor, resembling decaying vegetable matter, rendering the ice unfit for all purposes.

H. W. Porter filled his icehouse Saturday, employing four men and teams, besides help at the pond and icehouse, putting in over 700 cakes of 12-inch ice. Everybody who had any means for harvesting and storing ice was busy last week to secure it, and several large icehouses are yet to be filled.

Rev. Mr. Owen preached on Sunday morning regarding Elijah's death and before God against the 450 prophets of Baal, saying that as Elijah's work was to encourage the worship of Jehovah and to destroy the idolatry of Baal, so we all have a definite work marked out for us in this world, and should not waste our lives.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

Sanalt Relieved Awful Suffering from Sleeplessness

Any one who has suffered from insomnia, or sleeplessness, knows what intense agony there is for one who remains awake during the darkness and stillness of the night. Very often people who are afflicted by sleeplessness take narcotic drugs or stimulants, to secure only temporary relief, when they should find the cause of the sleeplessness and remove it.

One cannot expect to sleep peacefully when the stomach is distended by gas; the temperature is kept at fever heat through constipation, or nervousness as resulting from weak, watery blood.

Miss Sadie E. Welch, of 1705 Elm St., Manchester, N. H., says:

"I was suffering terribly from insomnia. Medicine the doctor gave me only made me sleep a little while at a time, and gave no real relief. When a friend recommended Sanalt, I did not see how it would help me, until it was called to my attention that I was suffering from stomach trouble, and was very much constipated. So I was induced to try it. Before I had taken a full bottle, the constipation had passed; my stomach seemed all right, and although it at first rather surprised me to be able to sleep so well, I soon realized Sanalt had removed the troubles that kept me awake. As soon as I was again able to sleep I became much less nervous, and my appetite very rapidly improved. So I feel an everlasting debt of gratitude for Sanalt, and cannot praise it enough."

This is a good example of the necessity of people who are suffering trying to remove the cause, rather than the effect. There is only one way to MAKE a person sleep, and that is by druging them, and of course if the sleeplessness is from a purely nervous trouble, from worry, or overwork, Sanalt alone will not relieve it, but in many cases sleeplessness comes from some trouble with stomach, liver, kidneys, bowels, or blood, and for such sufferings from the torments of insomnia, there is nothing better than Sanalt.

All obliging druggists sell Sanalt.

KILLED IN EXPLOSION ON GERMAN STEAMER VESTA

London, Jan. 16 (By the A. P.)—Eleven members of the crew of the German steamer Vesta, bound from Hamburg to Lisbon, as well as the wife of the chief officer were killed by an explosion on the ship today following a fire. Ten survivors of the crew were landed at Lowestoft by a warbler late this afternoon.

Details of the disaster as related by the captain of the Vesta are to the effect that during heavy weather Sunday night the deck cargo of the vessel, consisting largely of naphtha, shifted and an explosion occurred and a few minutes later the whole vessel was in flames, with the exception of the space near the bridge, where the crew huddled for safety.

A boat was lowered, but it was engulfed in the heavy seas and its three occupants were drowned. The mate, clasp his newly married wife in his arms, jumped overboard. Both perished. Others of the ship's company also plunged into the sea from the new, fiercely burning vessel only to sink beneath the waves. Finally only the captain and nine men were left on board. They were rescued after great difficulty by a trawler after six hours' work and when they had almost abandoned hope. Those rescued had been scorched by the flames and partially asphyxiated by the naphtha fumes.

AN APPEAL TO FINANCIERS

BY JAMES R. SHEFFIELD

New York, Jan. 16.—When captains of finance along Wall street win the confidence of the American people and make them feel that "the music of the clink of gold across their counters is not so sweet as the national anthem," then, according to James R. Sheffield, president of the Union League Club, they will have done a great service to American banking and a greater service to the American people.

Mr. Sheffield's appeal to financiers was made tonight in an address, "The Soul of Wall Street," before group 8 of the American Bankers' Association.

The name Wall street is considered in many sections of the country with respect, Mr. Sheffield said.

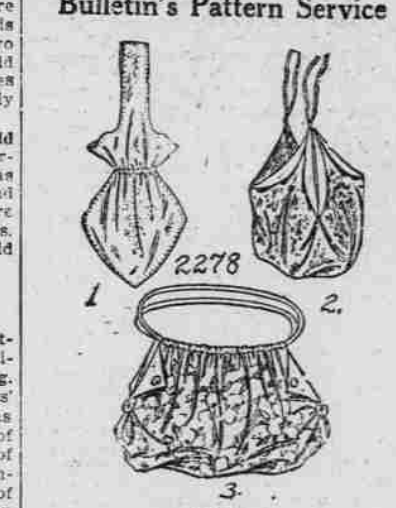

"Regardless of who is responsible," the speaker continued, "it is not good for America that this prejudice prevail."

"Somehow, some way, the people must be made to see that you are American before you are bankers, that as stockholders in this big American enterprise we call government, you intend to vote your one share for broad politics and for men, and are willing to even become directors in the new enterprises."

"They must learn that, in spite of crooks and scoundrels who come here, generally from elsewhere than New York, the financial district of New York is a place where hard and reckless financial practice in corporate management is never rewarded, and never condoned by the only men who can make the country believe it."

"The lonely miner standing beside his little cabin on the hillsides of Arizona waiting for the better times when the mines will reopen, does not understand that in the last analysis his hopes depend on capital—that the company that owns the mine, the railroads which transport the products, the agency that ships and sells it abroad, operate because you make it possible so that, beyond every stroke of his pick and shovel full of earth stands the faith of great people, the savings and the thrift of great people to make certain that he is paid."

How Ironized Yeast Fills Out Figure

And Puts New "Pep" and Energy in Thin, Nervous, Rundown Folks

Hundreds of thousands of people all over the country are now taking IRONIZED YEAST tablets for health, with results which in many cases are actually astonishing. For this folio to gain five pounds or more on the very first package is not unusual. Complaints bloated with pimples, etc., are very often entirely cleared up within 10 to 14 days. As for increasing "pep" and energy, apparent "miracles" are reported by folks who were formerly run-down, weak, and lacking in physical and mental vigor.

Here Is The Secret!

Nature intended that you should have a well developed figure, with the clear skin, sparkling eyes, strong nerves and rugged strength of a man with it. If you are now thin and run-down, it is because certain of Nature's laws have been disobeyed. Nature's law is that you should have a proper amount of vitamins and iron in your systems. But these two essential elements are lacking in the modern diet. That is why so many of us are thin and run-down.

FREE! Mail coupon below for Amazing Three Day Trial Treatment of IRONIZED YEAST. Watch the Results!

Yeast Best When Ironized

The thing to do is to supply this lack by taking with each meal two tiny IRONIZED YEAST tablets which contain in highly concentrated form a specially cultured yeast grown under the strictest supervision for medicinal purposes—a yeast unequalled for its richness in the essential Water Soluble B vitamins. In addition, it contains the correct amount of the two other vitamins—Fat Soluble A and Water Soluble C—which are equally important to health. These three vitamins bring excellent results even if taken alone—but when taken with a proper amount of easily assimilated organic iron, as in IRONIZED YEAST, these results are secured often in just half the usual time!

Note how IRONIZED YEAST immediately increases your appetite—how it enables you to get real joy out of every morsel of food you eat. See how quickly it drives away pimples, blackheads, etc., and how your newly acquired "pep" makes hard work or play a pleasure instead of a task. Try IRONIZED YEAST today! Pleasant to take—will not cause gas or in any way upset the stomach. Each IRONIZED YEAST tablet wrapped air-tight in waxed antiseptic paper, thus assuring 100% purity and strength. Special directions for children. Go to your druggist or mail coupon today!

WARNING!

Not all yeast will give the desired results. There are certain types of yeast which have absolutely no value medicinally. By insisting on the genuine IRONIZED YEAST, and refusing cheaper imitations or substitutes you can be sure that you are taking a vitamin tonic treatment which is unsurpassed in effectiveness, convenience and genuine health-building value.
